REMEMBER CYPRESS
WHITE GOLD DAY
OCTOBER 8th

Said In Cypress

That Ray Edwards was the first person to vote in the bond election at the school house on Saturday morning. He cast his ballot as he was en route to work in Long Beach.

That an interesting item from news of ten years ago states, "Cypress school opened this week with enrollment of 187."

That Rick Townswick has a beautiful clock in his shop, which is of German make. Rick says it is owned by the John London's of Lincoln avenue, and was brought by their family from overseas. It is reported to be about eighty years old, keeps perfect time, and has a particularly pleasant musical tone when the clock strikes the hour.

That Clyde Day was looking for an office desk last week. After spending many hours visiting second hand stores and large auctions in Los Angeles county and traveling as far away as Bell Gardens, he returned late in the afternoon and found just what he was looking for at the Cypress Furniture store. In fact, he and Mrs. Day are particularly pleased with the roll-top desk which was purchased for a reasonable amount. It is mahogany, and with a little extra work will become a thing of real beauty. In one of the desk drawers the Day's found a stray sales slip left by a former owner which was issued in 1912.

That an example of real patriotism lies at our doorstep. Citizens who have never taken the time to register for voting would do well to ponder over the efforts made by members of one of our families born in Holland. The mother was passed 50 and the father beyond 60 when they studied and learned to read and write in order to become citizens and use their votes.

That Cypress could certainly use "props" from the current Ice Follies' number called "Dairyville, U. S. A.," on White Gold Day. Couldn't be more appropos if the designer had lived here and obtained his ideas from the dairies around town.

That another example of how little we appreciate being born in the United States came to our attention Monday night as we listened to Paul Pinna, a very modest young newspaper man, describe life in his native Estonia. Known as a "DP," Paul was among the group allowed to come over from Europe under the auspices of the Lutheran church. He has been picking oranges in the camp at Atwood. Out of 25 or 30 men in the group, he is the only one who can speak English. He also speaks five other languages. At a meeting of publishers from Orange county Monday evening, he spoke informally of life in Estonia under the German and Russian regime.

Travelogue

by James C. Duncan

Leaving Alexandria at 4:00 a.m. we were well out to sea when the sun came up. The sea was calm and not a ripple could be seen except the wake of the ship. The water appeared to be a sheet of blue glass warped here and there by a slow moving swell. No words could begin to describe the water's intensity or depth of blue color. It varied as we went along. Sometimes a light blue, then a deep blue, then violet and sapphire.

As we moved farther north the thermometer kept dropping slowly. Instead of a strength-sapping heat, we had an invigorating coolness. It was most welcomed. Most of us had been sleeping on cots out on the deck while we were in the hot weather and now we moved back into our fo'cles (rooms.)

On the third day out of Alexandria we entered the Straits of Messina. The Straits are created by the islands of Sicily and the toe on the boot of Italy. The water is usually rough in the straits as there is a strong current rushing through there. The wind blows almost constantly as the terrain is mountainous both on Sicily and Italy.

On our left was the island of Sicily and the city of Messina nestled down into a cove on the beach. On our right was the rugged mountainous coast of Italy. Small villages seemed to press the earth seeking refuge from the wind.

The Straits of Messina were of a particular interest to me as I had read about it in Homer's Odyssey. It was here that Homer and his men encountered Scyland Charybdis. Scylla, according to Homer, was a six-armed cannibalistic monster who devoured six of his men while he was going through the Straits.

At the northern end of the Straits Homer came upon Charybdis, a monsterous giant whirlpool whose reputation had spread to every corner for swallowing ships into its whirling mouth.

As we passed through the Straits it was somewhat foggy and although I looked carefully I couldn't see the cave where Scylla was supposed to have dwelled and waited for innocent ships to venture close enough for her to reach out and pluck luckless sailors off the deck and eat them. Nor did I see any whirlpools or anything that might even suggest the presence of Charybdis. Many of the people who live in this vicinity believe that there were such monsters and they tell the story over and over again to their children and anyone who might like to listen.

Safely out of the Straits of Messina, we continued on and a couple of hours later we came upon Mount Stromboli which raises abruptly out of the sea to a towering height of three thousand feet. It is called the "Old Faithful" of volcanos. It erupts every twelve minutes throwing white hot lava into the air only to fall back again and bubble and roll slowly like a crimson river down the steep slopes, rippling and glittering, and the plunge off thunderously into the water hid behind great white clouds of steam.

Dense clouds of smoke usually hide Stromboli's crest but this afternoon the wind was blowing from the north and we could see the split top of the cone where Stromboli had blown its top eons ago. Stromboli is truly an awe-inspiring sight.

One is constantly aware of the deep thundering rumble of the volcano. Popping up out of the ocean like it does, large ocean swells crash about its sides sending white feathery spray high into the air. As we moved farther away from Stromboli, one couldn't help but get that helpless feeling that man is, after all, an infinitessimal and fragile thing compared to one of Nature's wonders.

The following evening we arrived in Genoa, Italy.

VOTERS IN DISTRICT SAY "YES" TO SCHOOL BONDS

Construction of eight new class rooms will begin soon, with the approval of voters who gave the nod to a $145,000 bond issue at an election held at the school house Saturday.

Balloting was light, with 176 votes being cast in favor and 10 against.

Will Advertise Bids

Plans for the new building have been approved by the state school board of architecture. Bids on the bonds will be advertised shortly. Miss Elizabeth Dickerson, district superintendent of the Cypress elementary school, has expressed the hope that the new unit will be ready for occupancy by the second semester.

When the proposed addition is completed, it will include an administration building and cafeteria. For the present, however, only the eight classrooms are contemplated to relieve over-crowding and half-day sessions.

State Aid Measure

Approval of the bond issue puts Cypress in the impoverished class, by being bonded to five per cent of the valuation of the district. If the state aid measure on the November ballot is approved, this district would be eligible.

SPECIAL MEETING

Members eligible for Teen-Canteen and their parents are reminded of an organizational meeting to be held tonight (Friday) at 7:30 o'clock in the utility room of the Cypress elementary school.

Vic Konig, coordinator, and other members of the committee are anxious for the support of the parents so that this year's activities can get underway.

Accident Sends Man To Hospital

Jack De Polter was hospitalized in the naval hospital in Long Beach for observation from Tuesday until Friday noon last week. He had the misfortune to be injured at work, when a small piece of wire flew into his right eye.

De Polter had nothing but words of praise for the wonderful attention and food which he enjoyed as a patient there.

Since he is one of the workers who will be affected by the layoff of navy workers, he is planning to open a small grocery market on his property at 5631 Lincoln avenue. The building formerly housed the Los Coyotes market until the Gregg's opened their super market at 5941 Lincoln avenue.

CRITICALLY ILL, FATHER PASSES

Death came to the father of Clarence Rich, local barber employed at Corby's barber shop, in Long Beach Tuesday. He had been seriously ill for several weeks.

Rich's sister, Mrs. Floyd Sutherland, of Hagerstown, Indiana, arrived last Friday to be with her family.

Mother And Son Win Fair Prizes

Mrs. Jake Van Dyke was awarded second prize for her table arrangements in the household arts building at the Los Angeles county fair at Pomona.

Robert Van Dyke, son of the Jake Van Dykes, entered his prize Holstein heifer in the auction Thursday. She went to the Coast Grain company of Norwalk for 60 cents a pound.

The animal won champ prize in the judging last Friday. She was also named Grand Champion at the recent Orange county fair.

Competing with FFA members from 10 other Southern California high schools, the Anaheim high school student's efforts brought three awards in the Los Angeles show: champion Holstein female, first prize for a junior yearling Holstein female, and top prize for a middleweight fat Hereford steer.

Charles Holland, also an Anaheim union high school student, placed second only to Van Dyke in the junior yearling female competition.

Local Huntsman Gets First Deer

Ernest Hazlitt, 8351 Moody street, returned from a successful hunting expedition Sunday with his first deer. In company with two conductors on the Santa Fe, where he is similarly employed, the three men were in northern California ready and waiting for the opening of the season on September 16.

It was not until Saturday, however, as they were returning through Mono county, that Hazlitt bagged the two-pointer. The men estimated the animal at about 150 pounds.

The two hunting companions returned empty-handed.

Cypress Merchants No. 2 Are Tied For First In Second Bowling Week

By clipping the Buena Park Lions club in the second round of league bowling at the Buena Park Bowl Tuesday night, the Cypress Merchants No. 2 bowling team stayed at the top of the league with 7 wins and 1 loss. They are tied with two other teams.

Alex "Whitey" Wilson lead the local contingent in both high single game and high series, hitting a 196, 192, and 149 for a 537 series.

Merchants No. 1 Lose

Denver Dorrel, rolling for Buena Park's Lalicker Dry Goods quintet, proved to be a thorn in the side of the Cypress Merchants No. 1 team headed by Captain Clyde O'Neal. O'Neal and Harry Poor rolled 183's for the Cypress outfit, with O'Neal having high series for Cypress with a 475.

Dorrel hit 213 pins on the first line, 210 for the second and 186 in the third, for a series of 609. Lalicker's picked up 3 points to 1 for the locals.

Triangle Loses 2-1

Dorothy O'Neal continued to be the backbone of the Triangle Drive-in's women's team, but her support failed to give them a series victory Wednesday night. With a high game of 182, she hit a total of 501 for the three games, but Walt's Market of Buena Park emerged a 2 to 1 victor.

Sudden Death Takes J. Hill

Death came suddenly Saturday evening to John Hill, whose home is between Newman and Karen streets in Cypress. His death was unexpected because he was apparently in the best of health. His body was found in the bath tub by Mrs. Hill.

Burial was in Burbank. Hill was a member of the Four-square church.

Barbecue And Television Tickets On Sale Here

These are the Cypress gals who are canvassing the town in order to further their standings in the race for queen of Cypress White Gold Day. Pick your candidate, then buy all the tickets that you can afford for either the barbecue or the television set from her. The one who sells the most tickets wins the regal honor. Top row, left to right, are Peggy Mills, Laverne Stanley, Verda Van Buskirk. Bottom row, left to right, are Eleanor Cortese, Dorise Bouse, Alta Coffman.

Radio, Video Star Will Emcee White Gold Day Entertainment In Two Shows At School Grounds

Dick Stanton, popular radio and television star, has been hired to bring his entertainers to Cypress for the White Gold Day free acts show October 8 for two performances at the school grounds according to James Moss and Elmer Corby, entertainment committee heads.

The shows will go on at 1:30 p.m. and again at 7 p.m.

Stanton will bring with him his Harmony Lads and the Two Swing Sisters. His group specializes in western music with a four piece western band.

The local amateur talent which has been the basis for the show in previous years has been abandoned this year in order to give White Gold Day visitors an entirely new form of entertainment.

Stanton, besides giving the audience a large variety of music, will present a running patter of jokes, interspersed with novelty acts.

DAVIS WILL ATTEND SCHOOL IN CANADA

Bill Davis, son of Mr. and Mrs. Henry F. Davis, 4741 Crescent avenue left Tuesday for Three Hills, Alberta, Canada. He will be a student in the Prairie Bible school, a non-denominational institution, with a career as a missionary his probable goal.

Davis was graduated last year from Anaheim union high school. He has been employed at Knott's berry farm, where he met friends who stirred his interest in the Canadian educational possibilities.

Baptist Church Begins New Class Friday Evening

Rev. W. V. Buckner, pastor of the First Baptist church in Cypress, corner of Camp and Watson streets, announces that a course in Bible study will start tonight at seven o'clock. The class will be open to the public.

"Theology," or the study of God, is the subject chosen for the first meeting. The pastor suggests that members of the group who wish to participate bring a Bible, pencil and notebook. Discussion will begin with the first chapter of Genesis, the first verse.

All are welcome and are urged to take advantage of this opportunity to study God's word. Mr. Buckner states there will be no charges, and no collections.

Reading Club Is Successful Says Mrs. King

Proving that reading is a favorite pasttime for children in Cypress, Mrs. R. O. King, librarian, reports that the summer reading club held during the recent vacation period was the most successful since she assumed her duties here.

Of the 45 boys and girls participating, 16 received "pokes" with gold nuggets varying from 5 to 65 in number. Janice Gerber read 65 books. Mrs. King stated that this year's success was not only due to an interest in the club, but also because the children liked to read.

It was interesting, she said, to note the fact that children were able to read books their grade level, which was not true last year, nor in the previous years. This improvement in reading is very gratifying. Some of the students will receive credit in English at school for the reading they did this summer.

Due to the fact that Mrs. King was away just before school opened, a formal presentation of certificates was not made. Once school has started, it is almost impossible to get the reading club all together at one time.

The librarian's report to the county office for the year ending in August was very satisfactory. It showed that 11,675 books were circulated. The local library has 661 registered patrons. If comparative figures with other communities in the county are any indication, Cypress library is given more use by its residents than libraries in surrounding towns which have a larger population.

AUTO TRIP TAKES FAMILY 12,000 MILES

Mr. and Mrs. B. J. Patterson, Crescent street, have had as their guests her parents, Mr. and Mrs. Carl Beardsley, and family, of Hesperia, California. A trip was just completed this summer which covered 12,000 miles, taking the travelers as far away as Halifax, Nova Scotia. Beardsley drives a station wagon. All of the New England states were covered.

Enjoying the tour with their parents were Carl, Jr., George and Betty Jean.

Happy Birthday Five Times!

It was a red letter day in town just one year ago today. Lynn, Larry and Lyle, three bouncing baby boys, arrived to make their home at 5591 Saint Ann avenue with their parents, Mr. and Mrs. George Weigert and sister, Gayle Ann. The triplets made history for Cypress and soon won for themselves a warm spot in the hearts of fellow townsmen.

Not to be outdone by the males, the next day Julie Ann and Judith Lea Swain, twin daughters born to Mr. and Mrs. C. E. Swain of 5362 Crescent avenue, failed by the count of one to even the score in population. The little misses have more than made up for their lack in numbers with their abundance of charm.

So it's a smackin' big HAPPY BIRTHDAY and many happy returns of the day to the ladies and gentlemen.

Frank Ferreira Will Drive In Lead Parade Spot

Local dairyman Frank Ferreira of 8296 S. Grindlay, has been selected for the honored duty of driving the Cypress White Gold Day Queen at the head of the parade October 8.

A special car has been secured to bear the queen's contingent. Following the queen car will be bands, floats, a pet division and horses ridden by members of various riding clubs in the vicinity.

Parade Entries Needed

Entries for the parade are coming in regularly, but more are needed from local concerns. Cypress merchants, clubs and social groups are urged to fill out an entry blank and turn it in as soon as possible so that parade plans can be completed.

Entry blanks may be picked up either from parade chairman Frank Stewart at the Cypress Furniture store at Lincoln avenue and Moody street, or at Cypress hardware.

RINDS MOVE HERE FROM LONG BEACH

Purchasing the property at 5571 Newman street from C. A. Peterson, Mr. and Mrs. Hurley Rind moved here this week. The house, which Peterson built, is especially attractive with several unusual inovations in its construction.

Rind is employed by the Long Beach Oil and Developing company, and also plans to move his Stearman airplane, used for crop dusting, to the local airport. Mrs. Rind is a pharmacist and will continue to work in Long Beach. Her parents, Mr. and Mrs. Ralph Parsons, recently purchased property in South Gate.

The families formerly lived in Missoula, Montana.

PASTOR SPEAKS ON ATOMIC BOMB

Next Sunday evening at 7:30 o'clock, Rev. W. V. Buckner will discuss the subject, "The second coming of Christ and the Battle of Armageddon."

Mr. Buckner expects to ask the question, "Was an atomic bomb ever used by God and if so, will it ever be used again?" He invites listeners to to hear this important subject discussed in the light of God's word.

WELCOME!

NEW READERS

James Brock, Arnold Anderson, Vernon Bailey, W. G. Begley, H. T. Breckley, Charles H. Clements, Howard R. Decker, B. C. DeSpain, G. Duran, R. R. Ellsworth, C. Fender, A. Fleagle, H. E. Garrison, R. Haralson, J. A. Hill, F. Irish, Orvill Kelley, Thomas J. Knight, Howard Kopsho, Mrs. Homer Lees, E. Lichte, B. D. Melleman, E. H. Petrie, B. W. Pugh, Helen Reeves, H. E. St. Clair, Henry Scelling, M. E. Thompson, C. A. Thorenson, J. H. Watson, and Ralph Williams, all of Cypress.

F. G. Bodkins, J. M. Clark, J. R. Cochell, A. M. Dean, A. B. Disney, Jean Dupuy, Thomas Elliott, J. P. Gilmore, H. Hatanaka, R. L. Jordan, C. C. Martin, Clarence Neu, L. D. Pugh, Jack Silvera, A. M. Speigle, James Takamiya, all of Buena Park.

Charles Baroldi, Dr. M. H. Damron, A. J. Hasler, S. Iwashita, I. R. Mahaffie, W. S. D. Moore, Maeshina Namoru, M. W. O'Neal, Sam Scally, John Signer, all of Anaheim.

HOW TO GET MWD WATER WILL BE TOLD PUBLIC HERE

MEETING NOTICE

"White Gold Day" chairman, Jake Van Dyke, has called a meeting for Wednesday evening, Sept. 28, in the school auditorium. Any person interested in volunteering to serve in the effort to provide a recreation park for the young people of the community is invited to be present. Also the committees are open to suggestoins and ideas on ways to make the celebration a success. Or just come along on Wednesday evening, Jake says. Everyone is welcome.

Any interested citizen who is concerned with problems arising from the shortage of water in this area is invited to attend a meeting Monday night in the school auditorium.

Under the auspices of the local chamber of commerce, M. B. Wellington, an attorney from Santa Ana, and C. R. Browning, engineer, will explain why most of Orange county will ultimately use Colorado river water through extension of the Metropolitan Water District. Explanation will be given of the steps necessary to apply for membership.

Conferences held in other communities where these men have been speakers indicated that in some areas wells are drawing water from 30 feet below sea level.

Invite Neighbors

Because this subject is of such vital interest to all residents of west Orange county, the chamber secretary, Frank Noe, has issued an invitation to members of the Stanton and Los Alamitos organizations, and their friends, to be present.

Associated Chambers Interested

Also interested in obtaining water, the associated chambers of commerce will devote its next general meeting to a discussion of how MWD water may be obtained, its cost and other pertinent data. Orange county farm bureau groups, Engineers club, and mayors and councilmen will be especially invited to a dinner meeting to be held at the Santa Ana Community Center building on Tuesday evening, September 27, at seven o'clock. Professor Franklin Thomas, dean of men at Cal Tech university at Los Angeles will speak.

Exhibit Items Made By Blind Here Wednesday

Articles made by workers of the Industrial Workshop for the Blind will be on display at John's Shoe Repair shop Wednesday afternoon, September 28, between the hours of two and five o'clock. Information directed to friends of the blind was received by John Crume, sponsor of the exhibit, who is himself a handicapped person, from S. F. Petterson, workshop representative. The California Department of Education operates three shops of this nature.

Petterson states that the sale of the products from the display enables the courageous workers to pursue independent lives. He feels that the public will agree that the blinds' burden is great enough without their being state welfare charges as well.

According to information received, pamplets will be available at John's and at Henry's drug store describing the articles made at the work shop. These may be ordered for later delivery from the display, and require no deposits.

Representative Petterson assures the public that the prices of all articles are entirely competitive. He suggests that you look here for gifts for Christmas, or the bride.

Former Friends Salute Readers

A word of greeting to Enterprise readers was received this week from the ex-navy "traveling" Smiths, Dorothy and "Smitty," on a postcard picturing lovely Vernal Fall, in Yosemite national park. They report a wonderful trip, in gorgeous country. Dorothy blamed the fish for not liking her as a reason for an unsuccessful fishing attempt. But "Smitty's" hunting expedition netted him a squirrel.

Margaret Dye sent a change of address to 2513 Gilman avenue in Seattle, Washington, and said that husband Ray had been out to sea for a month, but is expected back in Seattle the fifth of October. The weather menu has included too much rain and wind to suit Margaret, with no sunshine. And, she says, this is still supposed to be summer!

Back from Rock Springs, Wyoming, this week came Al Campbell. He says he's here on business. But from his remarks about preparing for another winter of snow-balling back there, it's possible he's soaking up southern California warmth to see him through the ordeal. Wife Ann is ready to return home now, without waiting for winter to pass.

Church Group Gives Dance For Building

The regular meeting of Our Lady of Fatima society was held at the home of Mrs. T. J. Purdy, 5561 Saint Ann avenue, Cypress, on September 14. Final plans were made on the distribution of tickets on a heifer, donated by Jack Bettencourt, which will be given away at a benefit dance to be given next Saturday, September 24 at the Woman's clubhouse in Buena Park, beginning at 8 p.m. Tickets entitling purchasers to attend the dance were circulated to begin the selling campaign.

Chairman for the affair is Mrs. Joseph Odermatt, assisted by Mrs. Pete Van Ruiten. Ticket sales are in charge of Mrs. Jack Bettencourt and Mrs. Leo Smith will handle publicity.

Hostess duties during the evening will be assumed by Mrs. Purdy and Mrs. Bettencourt.

Refreshments and serving will be in charge of Mmes. Corrales, Denni, Waldman, La Prairie, Fry, Behrens, Herzog, Veiga, Troutman, Heavren and Ferreira.

Enlisting from the men's group of the parish to serve as doormen, are Dominic Veiga, George Waldman, T. J. Purdy and Jack Bettencourt.

Committees working on the dance plans assure the public of a good orchestra, plenty of food and entertainment.

CHANGE IN CEE COACHES

Back in 1932, today's Major Ralph Comstock was a star on Anaheim union high school's first championship football team.

This year, he is commandant of the military unit of that school and this week he has assumed new duties as coach of the Cee team, replacing Sam Keith, football mentor who will take over cross-country track.

CALENDAR

Organizations wishing to have meetings or special events listed in this weekly calendar are invited to contact the office of the Enterprise, Anaheim 60355, with their information.

SUNDAY—SEPTEMBER 25
- **Church Services—All Churches.**

STUDENT REPORTERS

With this issue of the paper, the editor is happy to announce a new policy is being inaugurated this year with regard to the school news.

Last year announcements and items felt to be important to readers which pertained to the school were reported direct to the Enterprise by the district superintendent, and printed in the school news.

The sixth grade students have done a splendid job on their own project, "The Cypress School Globe," under the capable direction of their instructor. With this kind of ability available, we think the news from the school would be interesting to you, the readers, written by the boys and girls themselves.

The editor of the Enterprise will be relieved of some of the pressure of reportorial work, and it is planned to use feature stories whenever possible just as they are written by the students.

YEA, TEAM!

The days are shorter, the skies are clear, and there's the crisp feel of fall in the air. It's football weather!

Many will be beating the parking problem this year by viewing the games by television. Video is especially recomended for coaches, too, for clearer spotting of rival teams' weaknesses and strong points. But for most fans, football is at its best in the open air, and record crowds are expected at the stadiums.

And if last week-ends opening games are a sample of what's to come, Pacific Coast fans can look forward to the best season in many a year. According to the experts the Conference teams are more evenly matched than usual, and the independent schools are stronger. Anybody's team can win!

POPPING WITH POPULATION

California's population is growing rapidly. Surprise!

The latest of the never-ending figudes on the subject show that the state has accounted for 24 per cent of the entire population gain throughout the United States since 1940. Of the 15½ million additional noses to blow in America, about 3½ million are being blown in California — where people don't have to blow their noses. (Sunny California.)

We now have 10,354,000 people. If you doubt it, count 'em.

ART SHOW SLATED FOR EARLY NEXT MONTH

Artist members of the Orange County Art association are preparing to exhibit their work at the first annual member show. The exhibit is slated for the month of October in the lecture room of the Fullerton public library.

A representative show in oil and water color paintings, drawings, sculpture and ceramics is anticipated. Mrs. Jane Jobes of Orange, chairman of the exhibition committee, invites local artists to become members and enter their work in this non-juried show.

Each artist is allowed one entry in any medium. All paintings must be framed not to exceed 18 by 24 inches. Sculpture is limited to 100 pounds and to be over 8 inches in height. September 30 is closing date for entries.

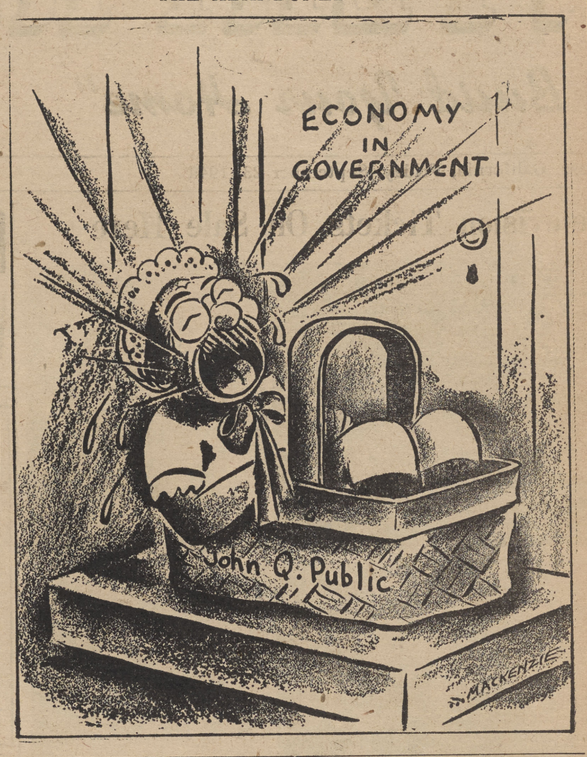
THE ABANDONED WAIF



I RISE TO REMARK
by John Phillips

When the French have a surplus of potatoes, they do not sell them to the government. They eat them. "Vegetable soup," this year in France means potato soup. The introductory course includes potato salad with sardines or salami or cold ham, and potatoes come with the main course without ordering them.

Except for the lack of rain, the farm country looks prosperous, and the harvests, which are early, will further lighten the demands for help. I sense an undercurrent, beginning already, to the effect that Marshall Plan aid should not stop in 1952, because of "the threat of communism." The curious thing is that I suspect the whispering of starting among Americans, rather than French or British or Italians, and certainly not with Belgians or Dutch.

Large Staff

Perhaps the number here, on the U. S. payroll, influences that. One member of the Appropriations committee, investigating aid here, tells me there are 500 on the Embassy staff in Paris, and another 491 on Harriman's staff, dishing out taxpayers' money, in the European office of E. C. A., plus another 93 on Bingham's staff, giving out E. C. A. money for France alone. The more people who work under you, the higher rating you get and therefore the higher salary. There is one office in the Embassy which did its work very comfortably with 6 people, but now has 20, under the above system. You pay for it, here or in Washington, just as you pay for refurnishing offices, for new bureau heads, another old custom with civil service.

The U. S. Ambassador lives in a nice house on the Rue d'Iena, appropriate for the U. S. Under reverse lend-lease, we took the big Rothschild house, on the Rue Faubourg St. Honore, between the British Embassy, and the President's residence. The state department wants to use it for the Ambassador's residence. The present Ambassador, Mr. Bruce, who invited Dorothy and me to luncheon Sunday, with Congressman John Lodge, Dr. and Mrs. Kaltenborn, William Henry Chamberlin (another Haverford graduate), former Ambassador and Mrs. Bliss, and Bill Benton (who once took Chester Bowles into business with him) and his son, says only over his dead body. I don't blame him. It would be like moving into the Union Depot.

Ruined Building

When Rothschild who sold it moved out, he removed the 200-year-old carved wood panels, and substituted plaster facsimiles, thinking, I suppose, that Americans wouldn't know the difference. To complete the job, the U. S. Liquidation Commission used the building and installed partitions and vapor lights everywhere, cutting into the remaining carved wood to the point of vandalism. They also installed an elevator, damaging the great dining room, not because it was needed (there were already two) but because they got one somehow and didn't know what else to do with it. The place is occupied by about 21 U. S. bureaus, and I think of that number, about 21 could be sent home.

Mrs. Phillips and I are at Montecatini Terme. We arrived yesterday. We are enjoying the warm, dry air and the California sunshine, and we are "sipping the waters" as the English say. Even Red Harrigan or Roy Colegate couldn't get me here by phone. I mean, I'd like to see Red or Roy try to get anyone, anywheres, anytime, on a French Italian or English telephone! Actually, it would be good to hear a familiar voice; it is a long distance from Italy to California.

Widening of Hwy. No. 39 Asked By County

Widening and resurfacing of Highway 39, also known to residents of this community as Grand avenue, and a major north-south artery of west Orange county, was asked this week by the County Board of Supervisors.

Board Chairman Willis Warner, Huntington Beach, asked the State Division of Highways to include Hwy. 39 improvement in the next state highway budget. He also asked that work be rushed on completing engineering studies so that costs would be estimated for budgeting.

Hwy. 39 connects with Coast Hwy. at Huntington Beach and traverses through Ocean View, Midway City, Westminster, Stanton, Buena Park and La Habra. For most of its length it is two lanes but it is a divided four lane artery from Orangethorpe avenue to Lincoln Blvd. south of Buena Park.

The state has rights of way for four-lane improvement along other sections, chiefly from 23rd St., New Westminster to Lampson road and also along a ¼-mile stretch below Westminster Blvd., Warner said.

The board chairman also said that the state some time ago planned Hwy. 39 as a four-lane highway but has not yet set aside funds for the project.

PERSONALS

The newspaper apologizes for an error made in last week's issue when it reported removal of a resident to the Hawaiian Islands. The item should have stated that Mrs. H. A. Griffin, who lived in Cypress Manor, had made the change.

Mr. and Mrs. Roger Woodie have a new home, moved from Long Beach by his brother, King Woodie, by the Acme house movers. The house is a three-bedroom, knotty pine interior to be done in the rustic style, and is painted white on the outside. The garage is attached to the house. The Woodie property is on Moody street.

Frank Winters returned from a prolonged visit to Pontiac, Illinois, this week. He came back the northern route, and was accompanied from Portland, Oregon, by a nephew who will visit in Cypress.

The Charles Hyde's, who lived on Graham street, have moved to Camdenton, Missouri. They left last week.

Mr. and Mrs. Fred Walley were away on a little motor jaunt on Tuesday and Wednesday. Gene Sumers operated the barber shop in Walley's absence.

The interior of Lee's Cypress cafe has been greatly improved with new paint on the walls. Two tones of green were used for the attractive result.

The fire siren which sounded Monday, proved to be a false alarm. A resident in another school district desired information as to whether or not fire departments checked fire extinguishers in schools. The fire department's telephone number should be used for fire only.

SHOWER HONORS NEW MRS. JAMES WRIGHT

Mrs. James Wright, who, until her recent marriage, was Miss Mona Chapman, was recently tendered a shower of miscellaneous articles, both useful and beautiful, for her home. The party was given on September 16 by two of her girlhood friends and school mates, Mrs. Don Proud (Nancy Lee Byers) and Mrs. Kenneth Porter (Betty Jean Braley) at the latter's home on Los Robles street.

The gift packages were placed on the coffee table. Orchid dahlias adorned the Porter home.

Bingo was played during the evening. The hostesses served ice cream and cake with coffee to the guests who were the honoree, her mother, Mrs. Albert R. Chapman, her mother - in - law, Mrs. Roy Wright, and her husband's sister, Mrs. Betty Kolosky, Mrs. A. W. Byers, Mrs. Harry Schnarr, Mrs. Stewart Wilkison, Mrs. Wm. Braley, Mrs. Kenneth Underwood, Miss Coralie Knisley and Miss Carol Dewell.

TWO MEN KNIFED, ONE FOUND NEAR BUENA PARK

Two knifing victims, one found by a Buena Park man, and the other abandoned near this community, were being investigated by Orange county sheriff's officers this week.

Harry Larson of the Grand Avenue Furniture store, heard a moaning for help near his home at 11801 Las Palmas drive, Fullerton, in the Sunny Hills Ranch area, on Friday. He found Jose J. Limon, 23, of Los Angeles, stabbed twice and allegedly beaten. Limon was sent to Orange county hospital for treatment of his wounds.

Found near Buena Park on Monday was Antonio Juarez of East Whittier, who had been knifed and thrown from a car by three men after they had relieved him of a small amount of money.

Juarez told officers he got a ride from Puente with the men and they set upon him when their car reached Northam station near here. He was cut on the right shoulder. A motorist found him beside the road and took him to a physician. The wound was reported as not serious.

Announce P.C.C. Football Games On Television

Second football telecast of the season will take place Saturday afternoon, September 24, when USC meets Navy at the Los Angeles Memorial Coliseum in their opening game of the season. Tom Harmon, ex-gridiron great, has been named KECA-TV's telecaster for this and following games of the season. All home games for both USC and UCLA will be telecast by KECA-TV.

Other Pacific Coast conference games to be seen over vidio are:

Fri. eve, Sept. 30 — UCLA vs. Oregon.
Sat., Oet. 1 — USC vs. Washington State.
Sat., Oct. 8 — USC vs. Ohio State.
Sat., Oct. 15 — UCLA vs. Santa Clara.
Sat., Oct. 22 — USC vs. Oregon.
Sat., Oct. 29 — UCLA vs. UC.
Sat. Nov. 5—USC vs. Stanford.
Sat., Oct. 12 — UCLA vs. Washington State.
Sat., Nov. 19 — UCLA vs. USC.

Two Bowlers Better 250 Mark To Get Pin Award In Bowl

Denver Dorrel holds the record for the highest game rolled in the new Buena Park Bowl, hitting a 263 for Lalicker's Dry Goods in league competition last week. Getting a "250 Pin" along with Dorrel for rolling over that figure was Ray Martin, Long Beach, who hit 251 in non-league play.

In the "200 Pin" class, Mrs. Dorothy O'Neil of Cypress marked up a 224 game and the only other woman to top 200 was Mrs. Dorothy Gilbert of Whittier who scored a 212.

Tuesday Handicap League

Denver Dorrel captured honors for both high game and series when he rolled his 263 in the Tuesday league, finishing with a 3-game total of 587. The standings after the September 13 matches were:

	W	L
Lalicker's Dry Goods	4	0
Cypress Merch. No. 1	4	0
Cypress Merch. No. 2	4	0
White Elephant	3	1
Lions Club	2	2
Kiwanis	2	2
U-Tel-Em	1	3
Anaheim Truck & Trans	0	4
Bee's Duck Inn	0	4
Bob's Market	0	4

STRICTLY BUSINESS by McFeatters

"I find the soup a little thick!"

Mrs. Kenneth Young and her little son Dale left by train Sunday evening for Eugene, Oregon. There, they will visit Mr. and Mrs. Addison Kingsley. They expect to be gone for a month.

AUTUMN IS GORGEOUS IN CALIFORNIA, SAYS STATE CHAMBER

When the first tinge of frost dyes the forests to unbelievable brilliance, where the maples burn in flame-bright holocaust of crimson, scarlet and vermillion, the oaks their yellow, maroon and claret shades, and the aspen and other trees add to the riot of color, it is time to head for the foothills and mountains, according to the state chamber of commerce.

Locations, types and kinds of trees and shrubs and their colors in this area are as follows:

Orange County — Along the road from Irvine Park to Silverado and through Silverado canyon and Modjeska, sycamore and oak, September through October.

Los Angeles County — California black oak, broad leaf maple, sycamore, willow along State Highway 138 through the Big Pines Recreational area and Wrightwood. September and October for best color.

Student Council Planning Year's Safety Program

by Ivy Giles, 6-A

On Thursday, September 22, in room eight, a student council meeting was held from 2 to 2:40 p.m.

There will be three representatives from each room, one experienced, and the other two who have never been representatives for the student council before.

The students will elect student body officers from the sixth to eighth grades. There is also to be a safety program. Assemblies will be held twice a month, the same as last year.

Bids will be opened today by members of the school board for the new bus garage on the elementary school grounds.

Miss Dickerson has sent home notices for the bus schedules, and if parents of children who ride the bus did not receive one, they may get theirs from the business office.

KENDRICK'S

ANAHEIM

School Numbers More Students In Current Year

by Bob Miles, 6-A

On September 12, the opening of the Cypress school for another year, 575 pupils were enrolled. The following week, on Monday, September 19, 20 more pupils were enrolled to make the total 595.

The opening enrollment for last year was 499 pupils. By February, the enrollment was 535. It remained 535 for the rest of the year.

MORE DEN MOTHERS NEEDED FOR TROOPS

by Donald Appleby, 6-A

On Wednesday, September 21, the Cub Scouts met in the utility room from 7:30 to 8:30 for their first meeting this year.

They have lowered age limits so Cub Scouts are from 8 to 10 and Boy Scouts are from 11 to 14.

There will be a Den Mothers training course in Anaheim which starts September 22 at the Anaheim Boy Scout House on West Chartress. This meeting will be held each Tuesday and Thursday morning from 9:30 until 11:30 for three weeks.

CHOOSE IVY GILES EDITOR OF PAPER

by Ray Decker and Joe Cram

On Wednesday, September 16, the students of Mrs. Arnold's sixth grade selected editors for the school paper, the Cypress School Globe. The editors are as follows:

Editor-in-Chief — Ivey Giles
Art Editors — Harvey Green and Lyle Lee
Sports Editors — Paul Morris and Billy Kelliker
Grade Editors Ray Decker and Betty Benson
Exchange Editor — Rosalie Miller
Feature Editor — Joe Cram
Club Editor — Donnie Appleby

The staff hopes to put out a very good paper this year.

Begin Classes On Dental Study

Thursday, September 22, at 7 o'clock, the first dental class was held in the school auditorium.

Dr. Raymond Temple, Cypress dentist, spoke on dental health. The local P-T.A. is sponsoring the program.

Meetings will be on each consecutive Thursday evening from seven to nine o'clock until four have been held.

The public is invited to attend and benefit from the program which is designed to teach youngsters to care for their teeth and avoid having dental problems as they grow older.

Name Leaders Of Girl Scouts

by Dianna Leverich, 6-A

On Thursday, September 20, the Girl Scouts of the sixth and seventh grades held their first meeting from 2 to 3 p.m.

In the sixth, Troop 14, the leader is Mrs. Leverich. Assistants are Mrs. Giles and Mrs. Drue. In the seventh, Troop 12, the leader is Mrs. Chapman and the assistants are Mrs. Gage and Mrs. Alleman.

Last year's Troop 14 had 14 girls. This year they have 13 girls. We have not yet learned about the fifth and eighth grade scout activities.

THIS OUGHT TO HOLD 'EM — A solid bolster for the center of the Hornet varsity line of Fullerton Junior College are co-captain Jack Adams, Frank Celizic, and Ray Lamas, tackles. Averaging over 220 pounds, these veteran linesmen are out to show that Fullerton's darkhorse grid machine will roll to top honors in the Eastern Conference. The Hornets play their opener at Vallejo, September 23. John Muir Junior College will come here October 15 for the first home game.

ADULT DRAMA CLASS OFFERED IN J. C. NIGHT SCHOOL

The Adult Education department of the Fullerton union high school and junior college is pleased to announced plans for the formation of a class in Drama to be given this fall. The course is to be taught by Mr. George Archanbeault, instructor of Drama and Stagecraft at the high school.

Time and date of classes will be arranged according to the wishes of those desiring the course. All adults interested should sign up for the course at the Adult Education office as soon as possible so that final arrangements can be completed.

NEW J. C. CAGE MENTOR — Alexander Omalev, new mentor for the Fullerton junior college's varsity basketball team, graduate and stellar U. S. C. athlete, was an All-American in his senior year and played A. A. U. ball for Twentieth-Century Fox where he served as a researcher. He instructs in speech, radio and dramatics at the college.

NEW TRACK COACH — Walt Lunsford, appointed this week as coach for the 1950 Hornet track squad at Fullerton junior college, won his letters in cross-country and distance events at the University of Washington and coached at several junior colleges in that state, coming to Fullerton from Centralia junior college.

Bank Celebrates 37th Anniversary

On Tuesday, September 20, the Southern County Bank one of the outstanding country banking institutions of California celebrated its 37th anniversary.

Founded on Sept. 20, 1912, the bank has shown steady and consistent growth in line with the increasing population and prosperous agricultural communities which it serves. Officers are maintained in Anaheim, Buena Park, Artesia and El Monte.

Totals resources as of June 30 last amounted to $11,812,168, as compared with $5,700,000 June 30, 1943, a gain of 100% in the past 6 years.

During recent years the bank has also carried on an aggressive program of modernization and improvement of the facilities of its various offices. Both the interiors and exteriors of the El Monte and Artesia quarters have been modernized and a new bank building has been constructed in Buena Park.

This modernization policy has been carried on under the direction of R. Foster Lamm, who on September 1st began his third year as the institution's president.

Other officers in the Buena Park office of this 37-year-old institution are Robert S. Borden, vice president; and Bert M. Wells, assistant cashier.

The board of directors is composed of leading business men and ranchers in this area, including James A. Baker, David E. Bradley, Joseph B. Collings, Jones Heddens, K. F. Hellyer, I. D. Jaynes, R. Foster Lamm, Kenneth A. Nagel, Wilson W. Phelps, Louis Struikman and H. W. Thienes.

CYPRESS - MAGNOLIA FARM CENTER TO MEET AT WOMAN'S CLUB

Action to get some 41 delinquent members back on the paid-up register, and an October campaign for new ones, constituted the main business of the Cypress-Magnolia Farm Center meeting this week, according to Chairman Bob Cole.

Henceforth, meetings will be held the third Tuesday of each month instead of the third Thursday. Place has been changed to the Buena Park Woman's Club house, which allows more room than the Magnolia school where they have previously been held.

CERTIFICATE OF BUSINESS FICTITIOUS FIRM NAME

THE UNDERSIGNED do hereby certify that they are conducting a Poultry Business at 8781 Walker St., Cypress, California, under the ficticious firm name of Earl's Fryer Ranch and that said firm is composed of the following persons, whose names and addresses are as follows, to-wit:

Earl R. Siples, 8781 Walker St., Cypress.

Gertrude M. Siples, 8781 Walker St., Cypress.

WITNESS their hands this 11th day of August, 1949.

EARL R. SIPLES
GERTRUDE M. SIPLES

STATE OF CALIFORNIA)
)ss
COUNTY OF ORANGE)

ON THIS 11th day of August, A.D., 1949, before me, Irma Lillian Stodart, a Notary Public in and for said County and State, personally appeared EARL R. SIPLES and GERTRUDE M. SIPLES, known to me to be the persons whose names are subscribed to the within Instrument, and acknowledged to me that they executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written.

(SEAL)

IRMA LILLIAN STODART
Notary Public in and for said County and State.

(Publish Buena Park News Sept. 8, 15, 22, 29, 1949.)

Mrs. John Oddermatt's sister and husband, Mr. and Mrs. Lorang, are visiting from Tucson, Arizona, and also with another sister and her family, the W. Ormsby's of Huntington Beach.

Issues On Ballot In November Election Listed

One of the last acts of California's '49er session of the State Legislature was to schedule a Special Election for November 8 — and already the ballot battles are warming up.

The measures as they will appear on the November 8, 1949, ballot already have been announced by Secretary of State Frank Jordan and are as follows:

Proposition 1 is to authorize a $250,000,000 bond issue for vitally needed school building construction. The measure was passed by the Legislature and referred to the people.

It was the urgency of Proposition 1 which prompted California's lawmakers to call the November Special Election — for, as pointed out by school authorities, if the buildings are not completed within the next two or three years, the state's school children will have trouble finding space for their school books, much less desk space.

As it will take considerable time to complete construction of the buildings even if the people approve Proposition 1, the Legislature decided that the voters should be permitted to render their decision this year rather than waiting for the 1950 General Election.

Proposition 2 is an initiative measure which would maintain pension payments to the aged of $75 monthly and to the blind of $85 monthly, but in all other respects repeals outright the "fine-print" provisions of the McLain pension scheme (Proposition 4 on last year's ballot.) Since the last election many people have openly said that if they had read the "fine print" they would not have voted for No. 4 as they did. Had it been studied and understood, it is more than likely that the very small margin by which it passed would have been completely reversed.

Official sponsor of Proposition 2 is the California Council for the Blind. A sampling of the other organzations which are working for passage of Proposition 2 include the following: California Congress of Parents and Teachers, California Association for Social Welfare, California League of Women Voters, California State Chamber of Commerce, California Farm Bureau Federation, California Taxpayers' Association, California Federation of Business and Professional Women, and many others.

Proposition 3 would increase legislators' pay to $300 monthly. This measure, however, also would limit the number of days any lawmaker could serve on an interim committee as well as the amount of per diem pay any solon could receive. Proposition 3 appears to be an honest attempt by the Legislature to provide adequate salaries for members while tightening the rules governing interim committees so that they serve to the maximum benefit of the public.

Propositions 4, 5, 6, 7, 8, 9, 10, and 11 would weed out obsolete sections of the State Constitution. For instance, a provision covering the expenses of delegates to the Constitutional Convention held 71 years ago would be eliminated. In addition, the provision permitting the City of San Francisco to sell bonds of the 1915 Exposition celebrating the opening of the Panama Canal would be nullified. That section of the State Constitution setting the effective date for prohibition would be dropped, too.

Proposition 12 is an initiative calling for daylight saving in California from April 15 to September 15 each year. Official sponsor for the daylight saving measure is the California State Junior Chamber of Commerce.

It is readily apparent that Propositions 1, 2, and 3 are extremely important to every Californian. The results, in each case, will affect the welfare of the State for many years to come. And Proposition 12 is by no means a simple issue for it will be a contest between those who want more convenient time for play and those who need sun time in order to save crops and to maintain legitimate business operations involving earning power.

Shall our citizens again fail in their duty? Here is an opportunity for each one to prevent such a fiasco by getting actively interested in the coming election and participating in such ways as his own experience may dictate.

In this regard, every voter should know and understand each proposition; and every voter should vote!

While the ballot battles rage throughout September, October, and November, all who desire will be able to familiarize themselves with the issues. But don't forget — and it is wise not to delay: if you want to vote, you must be registered!

Polio Foundation Asks Dimes and Dollars Now to Pay for Patient Care in Epidemic of Infantile Paralysis Thoroughout Country

With thousands of children and adults in hospitals today as the result of current widespread polio epidemics, and with as many new cases likely to develop in the months just ahead, the National Foundation for Infantile Paralysis has launched a Polio Epidemic Emergency Drive to provide immediate funds for patient care.

The price-tag on this year's epidemic will be so enormous, according to Basil O'Connor, Naitonal Foundation President, that $14,500,000 must be raised to meet the national polio bill.

During 1948, when there were 27,908 cases in the country, the highest number since the record total in 1916, the National Foundation and its Chapters spent $17,000,000 in March of Dimes funds to provide epidemic services, he said. With even more cases this year, it looks as though it may cost $25,000,000 in 1949 to pay for that part of medical and hospital care which families cannot pay themselves.

By the end of August, as much money had been advanced in epidemic aid to National Foundation Chapters whose March of Dimes funds have been exhausted by the cost of care as was sent in all of 1948. The nation's total number of cases now is as large as a full year's toll in previous years, with predictions for at least double that number before December 31.

Furthermore, it is estimated that a minimum of $5,000,000 will be required to continue helping 1948 patients who still need clinic or hospital treatment. The National Foundation gives assistance as long as medical care is necessary, regardless of age, race, creed or color.

The money raised in the Polio Epidemic Emergency Drive will be used exclusively for services to polio patients in all states, Mr. O'Connor said. Contributions may be mailed to POLIO, care of your local Post Office.

"This emergency drive is our only hope of providing care for patients without slowing up scientific research and professional education programs of the National Foundation," Mr. O'Connor explained. "It is an ironical fact that this heavy incidence, severely taxing March of Dimes resources, comes at a time when the nation's leading scientists are more hopeful of finding an answer to the problem than ever before.

"Scientists working under 68 March of Dimes grants at top medical and educational institutions are waging the largest research attack ever attempted against a single disease in this country, supported by March of Dimes funds. We must not interrupt the search for a solution because of lack of funds. We must—and we shall be able to do both jobs—help pay for the care of the stricken while finding a means of prevention or control — if the American people contribute now to carry the work through until the next March of Dimes in January."

Progress since 1938 when the National Foundation was formed, was indicated by Mr. O'Connor as follows:

More than $23,500,000 has gone into a comprehensive research and education program, seeking control of polio and training of experts — virologists, orthopedists, pediatricians, public health physicians, nurses, physical therapists, and other medical workers who make up the professional army now battling the disease in laboratories and hospital wards.

At least $58,000,000 had gone for patient care, prior to 1949, in payment of polio bills families could not meet themselves; in staffing and equipping polio centers for modern care and treatment, in establishing equipment depots in six strategic locations throughout the country from which respirators, hot pack machines, beds, cribs and other emergency supplies can be rapidly dispatched to hard-hit areas.

"We know now that fully 75% of those stricken make good recoveries if good treatment is available," Mr. O'Connor said. "Surely no one would deny a child a three-to-one chance for recovery because of lack of money."

The address is POLIO, care of your local Post Office. Send as much as you can—as fast as you can—today!
